Lindsey Parish Council Risk Assessment

A Risk Assessment is an examination of working conditions, workplace activities and environmental factors undertaken by the Parish Council to enable any and all potential inherent risks in its activities to be identified.

Lindsey Parish Council will take all practical and necessary steps to reduce or eliminate the risks, insofar as is practically possible.

This **Register** has been produced to enable the Parish Council to assess the risks that it faces and to satisfy itself that it has taken adequate steps to minimise them. The assessment will be reviewed on a six monthly basis.
